EDUCATION

University of Minnesota Duluth (UMD) Duluth, MN

Bachelor of Science, Electrical Engineering. Includes transfer credits from University of Minnesota Twin Cities. GPA: 3.0. *Expected May 2030*

College Hmong Preparation Academy

High School Diploma. Honor Roll. GPA: 3.5. *May 2026*

SKILLS

Technical: Blueprint Reading, Manufacturing Operations, Python (introductory coursework), Microsoft Excel, Microsoft Word, Microsoft PowerPoint

Languages: English (Fluent), Hmong (Native)

PROJECTS

Robotics Club — Competitive Robot Build 2024 – 2026

- Built and integrated components for a competition-ready autonomous robot, contributing to mechanical assembly and overall system integration.
- Programmed and tested autonomous operation sequences using basic Python scripting, gaining hands-on experience with circuitry, sensors, troubleshooting, and iterative testing.
- Competed in the 2026 regional robotics competition and advanced through preliminary rounds.

EXPERIENCE

Manufacturer Jun 2026 – Sep 2026

P&M Truss Inc.

- Read and interpreted technical blueprints specifying width, length, height, weight, alignment, and component details to verify truss assemblies against engineering specifications, helping reduce errors and rework.
- Completed individual job-specific trusses within a 2-3 hour cycle time in a high-pace production environment, consistently meeting daily output targets with a team of 10+ workers.
- Identified and reported equipment irregularities while following workplace safety procedures, maintaining a zero-incident safety record.

Sandwich Artist Oct 2025 – May 2026

Subway

- Delivered customer service to 100+ customers daily and supported team efficiency through clear communication and station organization during peak periods.

ACTIVITIES & LEADERSHIP

College Hmong Preparation Academy

Peer Tutor

- Provided one-on-one STEM tutoring 7+ hours per week to support student academic achievement.

National Honor Society / Student Ambassador

- Member of National Honor Society and Student Ambassador program; additional involvement included Senior Committee and Robotics Club.

Community Service

- Participated in Feed My Starving Children meal packing, cancer fundraising, and environmental cleanup initiatives.
